Gen. 194 e.

269-B

Legal Department.

It is now proposed by the P.W.D. to regularise the action of the company in supplying energy between the date of the merger of the State and the date on which the proposed sanction would take effect. No sanction under section 28 of the Act can be given with retrospective effect. Even though the agreement already entered into between the company and the Municipality is void under section 28 of the Act, the Municipality may honour the agreement as if the company was a sanction holder under section 28 of the Act. A fresh agreement, however, is now necessary after the sanction is given.
